I understand that: the Urban Scholar's Scholarship award requires the student to serve 30-hours during the semester in an effort to accomplish the above outcomes. Supervisor will report on student's progress at semester's end. If the student fails to fulfill the 30-hour commitment the Campus Director of Urban Scholars must be informed. If the student desires to serve more than 30-hours and apply these hours to a future semester, the Campus Director must be informed and approval given.
